

# 600/650 Series

## Hardened Steel Padlocks

The Zone 600 and 650 series have many qualities, but the main purpose is to provide high levels of security. The padlock has a hardened steel body, anti drill base plate and hardened steel shackle which provide high resistance to abuse attack. The padlock is available in either standard or 50mm long shackle and is finished in satin nickel. Quality can be seen, and felt throughout this padlock range which enables us to confidently offer a 10 year guarantee.
